

# KELLY TANKS

## ADSORPTION SACKS

**Sacks enable retention of solids and oil residue, whilst allowing effluent to drain**

**Heavy duty sacks, ideal for onsite waste.**

Specially designed to allow the fast flow of water whilst retaining solids and adsorbing contaminants.

**Ideal for washing concrete equipment off into** and other onsite waste disposal. Can also be used to empty settlement tank and filter waste water.

Sacks can be used in conjunction with a Frame to allow drained water to be pumped to discharge point or reintroduced back into water treatment systems.

**For further information contact KELLY TANKS on 01889 508944 or email [info@kellytanks.co.uk](mailto:info@kellytanks.co.uk)**

**Filters effluents  
Retains solids  
Adsorbs contaminants**

**Cost effective  
alternative to suction  
wagons**
